## Assessment of the Welcoming and Induction Program.

Methodology Statistical Information

University 2010-2

## Introduction

- CETYS University conscious of its impact in the student training process is interested in evaluating one of the most important processes at the time a "NEW ADMISSION" student starts academic activities.
- Because of the above we developed the current investigation with the sole purpose of letting everyone know the perception of surveyed sample of students on Friday, August 6.

UNIVERSIDAD
Inspirando e innovando

## Objective

- To know the new admission student perception about the welcoming and induction program, so that with this information we can establish the necessary working plans with future generations.

## Methodology

- Universe of 271 students.

- Sample selected of 134 persons.
- We took advantage of the previously organized teams by colors.
, Variables of interest:
- SEX
- AGE
- ACADEMIC DEGREE
- TEAM COLOR
- OUTGOING HIGH SCHOOL

- CITY OF ORIGIN
- The elements to investigate were 10 aspects that the student lived during his/her participation in the welcoming and induction program, and they were the following:
- WELCOMING PROGRAM
- INDUCTION BY COLLEGE
- CULTURAL AND SPORTS ACTIVITIES
- ENGLISH LANGUAGE WORKSHOP
- ENTREPRENEUR WORKSHOP
- INTERNATIONAL PROGRAM WORKSHOP

- CEDE WORKSHOP
- LIBRARY WORKSHOP
- STUDENT SERVICES WORKSHOP
- BLACKBOARD WORKSHOP
- ORGANIZING COMMITTEE

UNIVERSIDAD

- The analysis aspects of each elements were:
- Time destined for each activity
- Workshop participants' attitude
- Infrastructure
- Wokshop attractiveness ( subjective)
- Content (information)
- Importance
- Usefulness
- Clarity
- Organization
- Logistics
- Punctuality

- General evaluation of the activity ( grade)
, Other aspects:

- English Language
- As a request from the English Language Center Department the following variables were added:
- Exam instructions
- Help during the interview (attention)
- English Language personnel evaluation
- Result satisfaction

- Organizing Committee 8 central aspects such as organization, punctuality respect, well treated, logistics, help on solving doubts, service availability, \& activity involvement.
, The project was carried out by:
Alejandro Arias Corpus (Promotion)
- Ernesto Romero (Entrepreneurs)

- Supervised by:

Alma Gurrola

- Instrument Reviewed by:
- Dr. Héctor Velarde

- Before looking at the statistical information, we wish to establish the fact that this is the perception of a representative sample, and to consider a 5\% margin of error and $95 \%$ reliability.

## Statistics

- The perception of the CETYS High School students was "good" based on the previously seen circumstances.
, Verifying by sex, women tended to be get better grades than men.
- Taking into account the academic degree, bachelor's degree students tended to get better grades than engineers.
- Considering the color and perception of the elements, the most critical color was the YELLOW team; while the RED one was the one that was evaluated the best.
- The program with areas of opportunities was the sports and cultrual activity with a grade average of 8.08; while the best evaluated program was the entrepreneur one with 9.17.
, $81.34 \%$ of the surveyed students gave free opinions, such as:

They consider that the time set aside for the activities both in days and in hours was too much.

The majority expressed their satisfaction in regards to the activities as a whole (gratefulness); in particular the general induction course by expressing their gratitude for the solution of doubts.

- The surveyed students expressed in words a wish for having taken part on some activity outside the campus; in particular some mentioned the fact of not attending the BOL-BOL

They also mentioned to establish as optional ones the CETYS High School student activities.

- During the next presentations, they wish to have more dynamic activities rather than talking

About comments referring to the areas of opportunities, we have that following:

- Complaint about the Blackboard workshop because of not being able to get into the system and because of insufficient space.
- They manifested that they had some doubts about international programs.
- They made the comment that they don't perceive the internationalization thrust.
- There is perception of disorganization in the sports and cultural activity, as well as the sensation of heat and they didn't like it due to the activity.
- Punctuality is a general area of opportunity.
- Very repetitive information for CETYS High School
- A non-participation perception from the student body; the only participation was from SAFO
- Interest for other languages like Japanese
- More involvement on behalf of new admission students
- There is discontent for the constant change of workshop facilities.
